

MEET THE ESVS

Belgrade
31 Oct 2022

Dear colleagues,

We are pleased to invite you to join us at a very special gathering, jointly organised by the Serbian Society for Cardiovascular Surgery (SSCVS) and the ESVS.

Meet the ESVS

on 31st October 2022 in Belgrade, Hotel Crowne plaza

This collaborative one-day congress aims to bring the European Society for Vascular Surgery closer to Serbia and its neighboring countries. The meeting will be held onsite at the Crowne Plaza in Belgrade, Serbia. The congress will be comprised of scientific sessions, lectures, and round table discussions through which we hope to share the floor with local and regional experts on the same topics and share knowledge, experience and treatment results.

Improving vascular healthcare and training is the mission of global vascular community however we are all aware of region-specific problems impeding the accomplishment of our mission. Discuss common problems with vascular surgeons from the region about their experience in treating vascular patients but also about education, application of guidelines, registries, screening program. Use this opportunity to meet your colleagues in person, listen to outstanding regional and European speakers and explore the beauty of Belgrade.

You can easily register via the link - [Meet the ESVS in Serbia](#) - ESVS
Special rates for accommodation are about to come
